#### Answers

1. Answerhello , Thanks for giving me the oppurtunity to introduce myself. I am teja, i am staying here in hyderabad. firstly i have done my schooling in Vijaywada and my intermediate in sri chaitanya junior college with an aggregate of 76% and my bachelors in electronic and communication engineering and attained 62%. my hobbies are playing music,listening music,drawing.
2. Answeri am doing well.
3. Answer I will sleep and more sleep as during my work schedule I keep dreaming about sleeping. All I would do is sleep, sleep and sleep. I will sleep and more sleep as during my work schedule I keep dreaming about sleeping. All I would do is sleep, sleep and sleep.
4. AnswerTo do something well you have to like it. That idea is not exactly novel. We've got it down to four words: "Do what you love." But it's not enough just to tell people that. Doing what you love is complicated. The world then was divided into two groups, grownups and kids. Grownups, like some kind of cursed race, had to work. Kids didn't, but they did have to go to school, which was a dilute version of work meant to prepare us for the real thing. Much as we disliked school, the grownups all agreed that grownup work was worse, and that we had it easy.
5. AnswerWhat a recipe for alienation. By the time they reach an age to think about what they'd like to do, most kids have been thoroughly misled about the idea of loving one's work. School has trained them to regard work as an unpleasant duty. Having a job is said to be even more onerous than schoolwork. And yet all the adults claim to like what they do. You can't blame kids for thinking "I am not like these people; I am not suited to this world."
